Dear Jeff,

Just a short note on behalf of myself and Dr. Lovrich to thank you for taking time from your very busy schedule to speak at the Natural Resources Leadership Forum last Tuesday.

We were especially pleased to have such a supportive turnout of WDFW staff and their input from the session will be of great assistance to us as we begin to further develop the curriculum for the Leadership Academy.

Please convey my personal thanks to Chief Bjork and Sarah LaBorde for their continuing interest and support. If we can be of assistance in return, please feel free to call on us at anytime.

Most Respectfully Yours,

Mike
